

## MEMBERSHIP FORMULA – 2019

ACCOMMODATIONS, RETAIL, SERVICE BUSINESSES, PROFESSIONAL SERVICES AND INDIVIDUALS  
**NOTE:**

- 3 part-time employees/commissioned salespersons equal 1 full-time employee.
- 10 campsites equal 1 cottage  
(Fractions will be rounded down to next whole number).
- 10 seasonal mobile homes equal 1 cottage  
(Fractions will be rounded down to next whole number).
- 2 launches equal 1 cottage (Fractions will be rounded down to next whole number).
- 1 houseboat equals 1 cottage.

Where the term unit is used, it means the number of cottages, rooms, seasonal mobile homes, campsites, or launches (figured according to the above listed specifications) for the following businesses: resorts, motels, B & B, campgrounds, houseboats, and launch services.

All businesses are to go to the first category, which fits their business and that is the tier into which they would fall.

Any multiple businesses in the Chamber area must join at the rate of their highest single unit. The business owner may also join each of his multiples, **separately, at a 50% discount off their tier.** Member pays the highest tier in full; the second business qualifies for the discounted rate. If there is a third and fourth business then the third pays full and the fourth pays half.

An **associate membership** is defined as: Those who transact business in the area with no Real Estate investment (owned or leased) in the primary chamber business area.
