Ojibwe Legend of Leech Lake

When the only people across the land were a woman and her daughter, an evil spirit came down and captured the young woman. He carried her away to a great dry plain, left her there, and returned to his own wigwam built on solid rock.

Confined to this place of loneliness, the daughter was visited by an emissary of the Great Spirit. He gave her a peculiar black rock and told her to make it into a spear. He then showed her where to strike it against the rocks of the great dry plain.

She did as the Great Spirit had instructed, and at once a great soaring of water gushed out and flowed rapidly over the plain. It began to fill in all the vast space and as it did, the young woman climbed higher and higher up the rocks until she reached the top. When the waters ceased to rise, the evil spirit was imprisoned some distance away in another part of the big rock, surrounded by water and compelled to remain there for all time.

One day, the woman escaped in a canoe which floated out to her from shore. She returned to her mother. The land on which she had climbed was Bear Island and that is how Leech Lake was formed.

Minnesota's Paul Bunyan GeoTour

Looking for a little adventure as you hike or bike area trails? Adventure out on the Paul Bunyan Geo-Cache tour. Visitors can hike, bike or even snowmobile along the trail searching for treasure! According to the Paul Bunyan Trail group, this area GeoTour is recognized among cachers as a "power trail adventure" due to the close proximity of cache hides along every trail mile. It is also the longest paved Rail-to-Trail power trail in the United States.

There are 100 listed caches along the Paul Bunyan Geocache Tour, along with 1,000 hidden geocaches along the 112-mile Paul Bunyan trail, which stretches from Brainerd through Walker and north to Bemidji. Start in Walker or at several trail heads near town.

The Paul Bunyan Trail offers a relatively flat terrain along its paved 112-miles. Hiking, running, biking and rollerblading are among the most popular forms of travel. The trail winds through sections of Chippewa National Forest and around peaceful lakes offering great wildlife and wildflower sighting opportunities.

Cachers should be prepared to search high and low during their Paul Bunyan GeoTour. Geocaches are hidden in various locations along this power trail and be prepared to get your feet wet at creek sites.

For those who enjoy a little fun in the snow, many of the geocaches on the Paul Bunyan GeoTour are also winter-friendly. If you plan on caching during the winter, plan to snowmobile as you travel along the trail. (The trail's primary winter use is for snowmobiling; and it would be dangerous to walk or attempt skiing during the winter.) Remember to pull your snowmobile off the trail when stopping and stay alert for other snowmobilers when crossing the trail.

Don't let this Paul Bunyan-sized geocaching adventure overwhelm you. You can search for one cache or try to find as many hides as you'd like. Plus, with Trail Towns like Walker located approximately every 10 miles along the trail, there are great opportunities to take a nice break or split your caching expedition into segments.

Learn More at paulbunyantrail.com or go to Geocaching.com

Thanks to the Paul Bunyan Trail group for providing information on the tour!

Snowshoe or hike and enjoy the vast expanses of wilderness and the continuous beauty of the area. Winter provides wonderful photo opportunities of wolves, deer, foxes, coyotes, and other creatures.

COR Powersports Cross Country Snowmobile Racing Returns to Leech Lake! Trapper's Landing Lodge and Lakes Area Powersports are proud to host Round 5 of the 2024 COR Powersports Snowmobile Racing Series.

Photo by Emily Pearl Photography

The race series enjoys a mix of ice, terrain and hill climb style racing through the course of the year – which truly makes this series the king of cross-country racing. Riders will enjoy venues in Minnesota, Wisconsin, and Michigan. Wisconsin based COR PowerSports was started in January of 2011 and in 2020, acquired the Minnesota based USXC racing circuit.

This acquisition allowed the organization to expand racing into other geographical areas. COR Powersports brings a unique style of racing to the cross-country racing world with a foundation based on Faith, Family and Fun. Today, COR PowerSports is recognized as the largest premier national cross-country series in the US. Cross country racing tests the ability of each rider to maneuver through distinct types of terrain, ditches, ski hills, lakes, and woods. New this year, we are excited to bring KC Pro West on board with its youth snowmobile racing series. The race series was founded in 1989 and offers 16 different classes of snowmobile racing for our youth sports enthusiasts – ranging from 4 years to 17 years of age. We are excited to have both race circuits come to our area for the Leech Lake 200. The races will be held on February 24th & 25th, 2024 in front of Trapper's Landing Lodge. We welcome spectators to come out and enjoy a weekend of great entertainment.

Festival of Lights

The community comes together to celebrate the beginning of the holiday season. This event will be held the weekend after Thanksgiving. Join us for a children's holiday party, the Reindeer Ramble, craft stations and so much more! Of course, Santa Claus is on hand to take pictures with children and listen to their holiday wishes. The day ends with activities and lighted floats all along 5th Street, the entire community will be lit up to create a festive atmosphere. Come Sail
Beautiful Leech Lake
on a Truly Classic Sailboat

- With -

Rather than sitting on shore watching the boats sail by, you can now be out there among them on the largest sailboat on the lake. *Knota Lotta* is a 1984 41 ft Irwin ketch with over 1000 sq ft of sail that has been completely up-dated and is a beautiful sailing vessel. She is a long range cruiser that has been brought to Leech Lake for the purpose of providing people such as yourself with the opportunity to have a true sailing experience. Taking groups of up to 6 people for 2 and 3 hour cruises.

Knota Lotta is docked and ready for boarding at the friendly Shores of Leech Lake Resort just 3 miles north of downtown Walker on Hwy 371 at 6166 Morriss Point Rd.

CASS COUNTY HISTORICAL SOCIETY MUSEUM & PIONEER SCHOOL

The Cass County Museum invites you to visit us and learn about the settlement of our county. One of the largest exhibits of Ojibwe articles in Northern Minnesota will provide history and insight to the original inhabitants of the county. Other exhibits include those on fur trade, lumbering, transportation and the early pioneers. Our pioneer Huset School was built in 1912 and is furnished with period furniture. This is a "hands - on" exhibit and provides a country school experience.

Our research center is open daily to genealogists and researchers for a fee. We offer an obituary file and microfilmed county newspapers from 1894 to present, hundreds of family and individual histories, numerous city and village histories, thousands of photographs and assistance if needed.

Hours: Open Seasonally
Admission: Call for fees
Group rates available with reservations
